POP SKULL

POP SKULL

POP SKULL depicts the lonely and disjointed life of Daniel, a young Alabama pill addict, as his efforts to cope with the trials of his day-to-day life collide with the increasing influence of murderous and displaced spirits that inhabit his home.

Plagued by ghosts, Daniel discovers his home holds a secret to a grisly crime... a crime he's doomed to repeat if he can't prevail against the forces that haunt him.

"Distinctive, visually powerful, and uncompromising."
--Robert Koehler, *VARIETY*

Directed & Co-written by ADAM WINGARD (*"Home Sick"*)
Co-written by E.L. KATZ (*"Autopsy"*)

A youth-culture drenched take on psychological horror that channels *"Jacob's Ladder"* and *"The Shining"* through a teen angst lens... festivalgoers call it *mumbleGore*.
